CONTROL APP

## SCANGRIP CONNECT RANGE EXTENSION

**NOVA 10 CONNECT** work lamps provide 10000 lumen of light, and feature an integrated carry handle, display for battery capacity and lumen output level, built-in battery backup and USB powerbank, a Bluetooth app for remote control of up to 4 lights, support SCANGRIP TRIPOD mounting, and have an IP65 weatherproofing rating.

**TOWER 5 CONNECT** is a highly flexible, compact pair of floodlights. Independent 360° adjustment and 2 level light output to deliver perfect lighting conditions for painting and installation work. The integrated tripod and carry handle make the lightweight (5.2kg), quick-fold system extremely compact and portable. Extendible up to 2 metres, the TOWER 5 CONNECT collapses to under 900mm.

### All CONNECT LAMPS

are compatible with the METABO/ CAS battery system (12V 4.0 Ah – 18V 5.2 Ah), and 18V battery packs from leading power tool brands by using the SCANGRIP CONNECTOR.

#### JUST CONNECT

Add the connector matching your battery pack

SCANGRIP TOWER 5 CONNECT

# SCANGRIP CONNECT MODULAR SYSTEM

The SCANGRIP CONNECT Series delivers a range of high-performance COB work lights that are compatible with 18V battery packs from leading power tools brands, via a modular smart CONNECTOR, and are directly compatible with the METABO/CAS battery system.

## Choose your matching CONNECTOR and GO!

Select the SCANGRIP CONNECT work light that fits your needs, attach the CONNECTOR for your preferred battery brand, and you are ready to work!

A built-in Battery Safety System ensures both correct operation of the battery and protects the battery pack in use.
